PROJECTS

PORTFOLIO WEBSITE | July 2025 - July 2025

- This is a web application built with React JS. It shows my skills in creating interactive and responsive components, handling data, and using React Hooks and React Router. The design works well on desktop and mobile.

CAREERCANVAS | April 2025 - May 2025

-
- 1. User Authentication - Register, log in, and manage sessions using JWT.
- 2. Resume Dashboard - Organized view of all saved resumes with edit/delete actions.
- 3. Live Resume Editor - Instantly update and preview your resume as you type.
- 4. Template Switching - Easily change resume layouts to match your style.
- 5. Color Palette Selector - Customize the look and feel with color themes.
- 6. PDF Download Support - Download your resume with one click as a polished PDF.
- 7. Save & Edit Resumes - Store multiple resumes securely for future updates.
- 8. Image Upload & Preview - Upload and preview your profile photo in real-time.
- 9. Backend API Integration - Built with Express & MongoDB for full CRUD support.

AWARDS AND HONOR

- Secured 10th rank in HackerRank within college with a 5-star rating in Java.

Active member of the Coding Club.

Volunteered at Young Entrepreneurs Summit.

Served as Start-up Activities Coordinator in the IIC Council.

ACHIEVEMENTS

- Top 10 in class in B.Tech/B.E.
- Top 3 in class, School topper, Received scholarship in school
